

Aadesh Shukla

Software Engineer | Full-Stack Developer | MERN Stack (MongoDB, Express, React, Node.js)

Email: shuklaaadesh0@gmail.com

LinkedIn: linkedin.com/in/aadesh-shukla2953

Phone: +91-9727476656

Experience

Jan 2024 – Mar 2024

📌 **Frontend Intern**, FTX Infotech

- Learned Vue.js and built small-scale frontend projects.
- Integrated APIs and improved component responsiveness.

Mar 2024 – Present

📌 **Associate Software Engineer**, FTX Infotech

- Built and maintained frontend apps using Vue.js and React.js.
- Connected client-side components to backend systems using REST APIs.
- Followed best coding practices to build efficient and maintainable front-end components.

Education

2021 – 2025: **B.Tech in Computer Engineering**, LJ Institute of Engineering and Technology CGPA: 8.5/10

2020 – 2021: **12th Grade**, Best Higher Secondary School Percentage: 75%

2018 – 2019: **10th Grade**, Best Higher Secondary School Percentage: 85%

Skills

Languages:	C++, C, JavaScript, Java, Python
Frontend:	React.js, Next.js, Vue.js, Redux, Vuex, Tailwind CSS
Backend:	Node.js, Express.js, REST API
Databases:	MongoDB, MySQL, PostgreSQL
Tools and Methodologies:	Git, GitHub, Agile

Projects

Full-Stack Tour Website (MERN Stack-MongoDB, Express.js, React.js, Node.js)

- Developed a scalable MERN app enabling users to browse, book, and manage tours.
- Developed an admin panel for booking management and analytics.
- Implemented JWT authentication and role-based access control.

Blog Website (Frontend with Appwrite)

- Developed a responsive blog platform with CRUD operations.
- Integrated Appwrite for authentication, database, and storage.
- Designed a clean UI with form validation and efficient state management.

E-commerce Website (Frontend with API Integration)

- Built a responsive frontend integrated with APIs for product management.
- Added cart functionality and essential eCommerce features.
- Ensured seamless user experience with optimized performance.
